

DEMO PLAN — Example Parks, Trails & Open Space Master Plan

Date: 2025-09-16

Chapter 1 — Purpose

DEMO PARKS, TRAILS & OPEN SPACE MASTER PLAN. Chapter 1. Purpose. This sample plan inventories demo parks and trails, identifies service gaps, and recommends a ten-year capital program. It is fictional content used to demonstrate long document navigation.

Chapter 2 — Inventory

Chapter 2. Inventory. The demo inventory includes four neighborhood parks, one regional park site (Sample Lakeside Park), and 5.6 miles of paved trail (placeholder figure). Residents in the demo survey most frequently requested shade structures, restrooms, and continuous lakeside trail connections.

Chapter 3 — Recommendations

Chapter 3. Recommendations. Priority 1: design Sample Lakeside Park improvements. Priority 2: complete trail gaps along Demo Parkway. Priority 3: add shade structures to existing playgrounds. Estimated ten-year parks capital need: \$9,876,543.00 (placeholder amount — demo data).

Chapter 4 — Funding

Chapter 4. Funding. Potential funding sources for parks spending include impact fees, grants, and a demo parks capital fund. Any budget figures here are placeholders and do not represent actual appropriations.
